

StarHack by Star Union Dai-ichi Life

General Information

Prize Pool - ₹65,000

1. First Prize - ₹40,000
2. First Runner Up - ₹25,000

Submission Details

1. Working Prototype

- a. A link to the codebase hosted on GitHub / similar VCS.
- b. The codebase must have a README or similar file detailing on the tech stack used, high-level overview of your solution, and instructions to run/deploy the code.

2. Presentation Document

- a. A concise ppt/doc going through the proposed solution, implementation details, and other requested metrics.
- b. Optionally, include a demo video / screenshots in the presentation.

Timeline

The entire hackathon happens on 2nd October, divided into two submissions:

1. **Working Prototype Submission:** 08:00 – 18:00 IST
2. **Presentation Doc Submission:** 18:00 – 23:59 IST

Prototyping happens in-venue, while you have the liberty to submit the presentation from anywhere.

FAQs

Do we need to rebuild the YouMatter mobile application?

No, the application is for your inspiration. You need to build a separate app from scratch incorporating features as outlined in the problem statement.

What are the Innovation Tracks in the problem doc?

The tracks are for your reference of features. You may implement any of the topics mentioned across tracks in your application.
